

Lindbergh Elementary School

April 20, 2020

Hello Kindergarten Parents,

Over the last few weeks, we have been working on filling our open Kindergarten position. I'm happy to say that our initial interviews and model lessons were done prior to our school building closures therefore we were able to identify a candidate that we felt would be a great addition to the Lindbergh family.

Starting this week, Miss Yazmin Gerardo will begin working in collaboration with Mrs. Anthony and Mrs. Muston to ensure a smooth transition into her full-time role. Miss Gerardo is a recent graduate with a Masters degree from the University of Michigan in Elementary Education. She has experience working in a KG classroom and we are excited to have her. We understand that such a change might cause some concern, however we are confident that the transitional plan and support system we have in place is solid and appreciate your understanding.

We will be sending an invite for a virtual meeting that you are encouraged to attend on Wednesday, April 22, 2020 at 3:30pm to meet the new teacher. This week she will be working closely with Mrs. Anthony to get the blog, Remind app and Google classroom handed over to her. More information will be shared soon.

Miss Gerardo is a great addition to Lindbergh and we are confident that this classroom will be a productive and successful one. Thank you in advance for your support.
