

LIBRARIES ARE AWESOME !

A Library

Libraries are awesome! You can celebrate libraries during National Library Week, which is April 19-25. Most cities and towns have libraries. Your school may have a library too. Most libraries are closed now because of the coronavirus, but you can still visit libraries online. Many libraries are offering online programs now, such as story times, craft lessons and book clubs. Libraries have e-books, audio books, movies and video games you can borrow. People can still borrow books from some libraries. People drive to the libraries and the librarians bring the books out to people's cars! How will you celebrate National Library Week?
