THE OCEAN CLEANUP

THE OCEAN[™]
CLEANUP

Oceans are full of trash.

An inventor is working to clean up oceans.

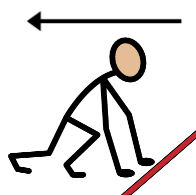

The inventor is Boyan Slat.

He is from the Netherlands.

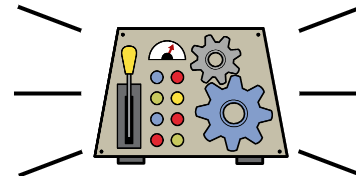

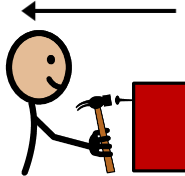

Boyan started a group called The Ocean Cleanup.

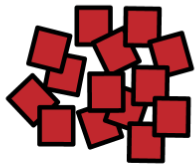

The Ocean Cleanup made a new invention for rivers.

CLEANUP

Many

rivers

are

full

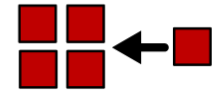

of

trash

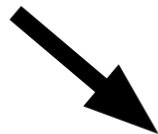

too.

Trash

in

rivers

can

flow

into

oceans.

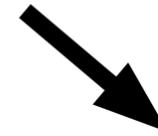

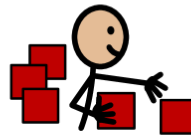

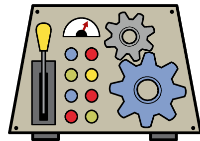

Click to see how the invention works:

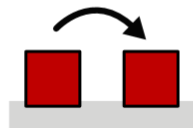

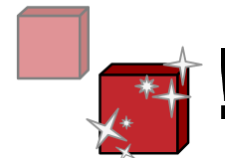

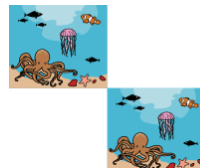

Now the invention collects trash in rivers.

Then the trash cannot flow into oceans.

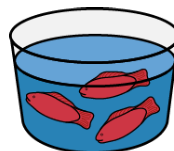

The oceans will be cleaner !
