

I can... know that texture is  
how something feels.

ASD Accommodations: Adult- find textures in and around home for project in second video. Together- watch “The Texture Song” then create rubbings on paper with child.

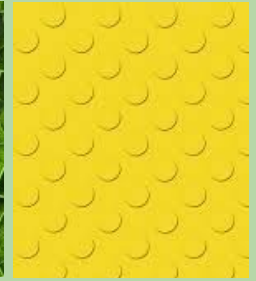

Watch: A song about texture

What is **texture**?

*Texture is how something feels or looks like it feels.*

What are these?

What do they feel like?

Can you find

?

Here is an art activity that uses any kind of light colored paper, a crayon or a pencil, and whatever you can find at home.
