

# Scientific process

Questions Experiment Hypothesis

Scientists ask \_\_\_\_\_.

Then they make a \_\_\_\_\_.

Next, they do a test or \_\_\_\_\_.

Draw 1 item on each side of the balance.

Then write a complete sentence that explains your picture (use the word mass).

Which of these are NOT correct ways to describe the properties of an object.

Shape   color   looks pretty   temperature  
smells bad   form   texture   mass
