

Transverse and Longitudinal Wave

Page 6

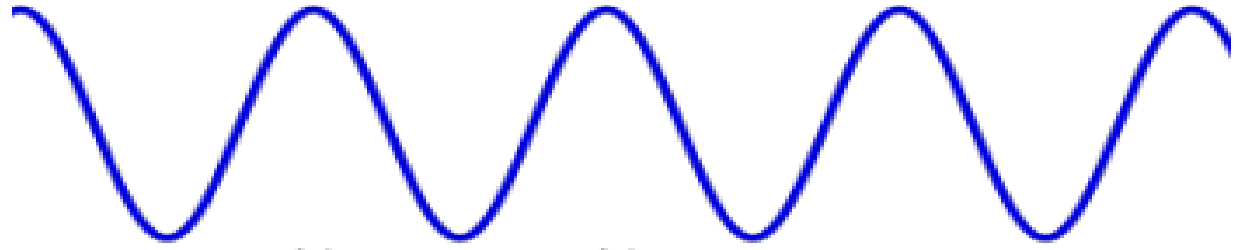

CUT, PASTE, and LABEL a TRANSVERSE WAVE and define the given characteristics

crest

trough

amplitude

wavelength

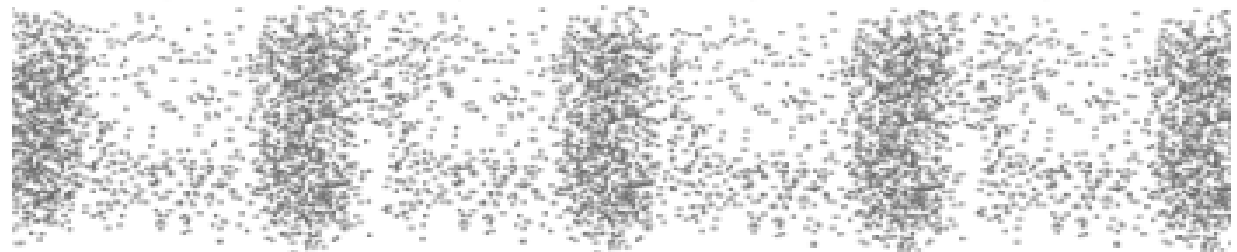

CUT, PASTE, and LABEL a LONGITUDINAL WAVE and define the given characteristics

compression

rarefaction

amplitude

wavelength

Types of Mechanical Waves

- Transverse Wave
- Longitudinal Wave

Basic Parts of a Wave

- | | | |
|--------------|--------------|---------------|
| • Crest | • Midpoint | • Rarefaction |
| • Trough | • Amplitude | • Compression |
| • Wavelength | • Wavelength | |
