

Argumentative QUICK WRITE

(Think/ Pair/ Write/Share)

We learned about 5 main types of light behavior. Choose 1 of the 5 light behaviors from your foldable and provide an argument about how it supports our unit 7 essential question.

Focus Question: How does 1 of the 5 main types of light behaviors affect how we perceive the world around us?

Claim:

Evidence:

- Visual:
- According to my notes.....
- For example..

Reasoning:

- The evidence shows that _____ affects how we see things around us because _____
