

# Mrs. Zastrow's 5th Grade Week of January 13, 2020

	What We Are Exploring This Week!	What You Can Do At Home To Help
Math	<u>Module 3: Addition and Subtraction of Fractions</u> Lesson 1 Make equivalent fractions with the number line, the area model, and numbers. Lesson 2 Make equivalent fractions with sums of fractions with like denominators. Lesson 3 Add fractions with unlike units using the strategy of creating equivalent fractions.	Even though we have finished our module about division, please make sure your child continues to practice long division.  <b><u>HOMEWORK</u></b> - HW is subject to change Monday- Succeed Lesson 1 pages 5-6 Tuesday- Multiplication or Division Practice Wednesday- Succeed Lesson 2, pages 9-10
Reading	CCSS: R.I. 5.5 Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts.	Have students read informational texts and identify which structure each uses.  <b><u>HOMEWORK</u></b> - HW is subject to change Read for 20 minutes a day
Writing	<u>Informational Writing - Biographies</u> Publish their biographies	If there's a computer at home, allow your child time to work on typing up their report.  <b><u>HOMEWORK</u></b> - HW is subject to change Handwriting Practice due Friday
Spelling	No spelling this week.	
Science	<u>Mixtures and Solutions</u> * Investigation 1.3 How can you separate a mixture of dry materials?	There's a ton of experiments students can do at home, starting with putting a bunch of items into a mixture and using different methods to separate them.
Social Studies	<u>Unit 3: Colonization and Settlement</u> Lesson 7: The Development of the Middle Colonies Lesson 9: European Settlement and Native Americans Assessment	Go over their study guide to be prepared for Friday's assessment.
