

Mrs. Zastrow's 5th Grade Online Learning Instructions

Week of March 23, 2020 to March 29, 2020

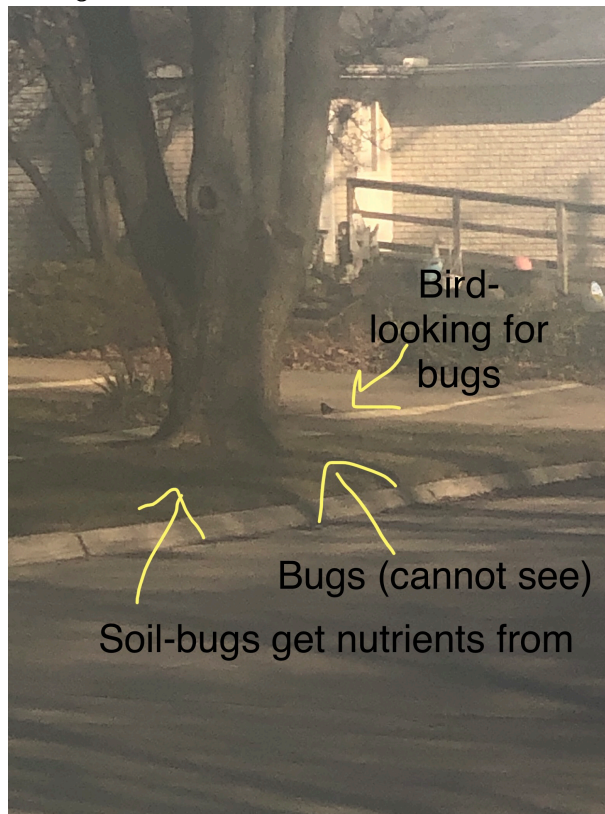

DUE DATE March 30

For any questions email me at zastrow@dearbornschools.org.

| | Assignments to Do | How can you support your child? |
|----------------|--|---|
| Reading | <p>1. Complete the 2 lessons on iReady on your pathway. You are to focus and try your best! I expect a pass rate of 85% or higher. Mr. Awada will continue the iReady raffle tickets after we return.</p> | <p>Students need to make sure no one else is logged into GOOGLE CHROME, otherwise iReady may not work.</p> <p>If students finish early have them complete more lessons on their iReady pathways or read a book, or use EPIC to read.</p> |
| Writing | <p>M-Step is canceled this year! So we are going to take a break from Passage Based Writing. This week complete the personal narrative prompt on Google Classroom.</p> <div data-bbox="456 1010 1052 1066"> </div> | <p>Let your child write. Probe them to help them get more details in their stories.</p> |
| Math | <p>1. On Google Classroom you are to complete pages 23 and 25 from the online math packet. The packet and where to answer are attached to the assignment. In your answers write fractions using the / for example 8/24 is eight twenty-fours.</p> <div data-bbox="456 1350 1052 1407"> </div> <p>2. Complete a lesson on ZEARN.org. I attached at the end of this document a screen shot of where everyone started last week and their usernames. Student passwords are their birthdays.</p> | <p>Pages 23 and 25 are review from the few weeks before we closed down.</p> <p>If students want to do additional practice, have them work on Khan Academy on their NWEA Maps.</p> |
| Social Studies | <p>From the digital Social Studies textbook on Google Classroom, read pages 114 to 118. Answer the questions from the assignment on Google Classroom.</p> <div data-bbox="456 1797 1052 1854"> </div> | <p>The reading is HARD and NEW information. However, we will review it as soon as we get back. It's the lesson we left off at and would be great for students to have a little understanding when we go over it.</p> <p>If they finish early, let them watch episodes of Liberty Kids off of Youtube. They're awesome and follow along with</p> |

Science

Unfortunately, the online science textbook has crashed today as I sit here and plan next week's assignments. So for science, if you have access to a camera I want you to go outside and take a picture of an ecosystem and identify at least 3 parts in the food chain/web. If you do not have access to a camera, find a picture online (that is NOT labeled) and label 3 parts of the food chain/web using Google slides or Google Drawing. Then write a sentence describing what you see. Turn your finished work on Google Classroom. Here is an example from my front yard that I did directly on my phone. My sentence would read: In this ecosystem the bird gets its energy from the bugs, who get their energy from the soil, which gets its energy from the sun.

If the textbook is up and running later this week, I will add an additional reading.

If they finish early, let them watch Bill Nye on Youtube. We do take Science MStep in 5th grade, so it would be a good refresher.

Rouba Zastrow posted a new assignment: Science for 3/23-3/29
10:33 AM

| <input type="checkbox"/> | FIRST | LAST | ^ | USERNAME | SHOW PASSWORD | ASSIGNED LESSON |
